Cockroach Preparation Notice

Date and Time of application:

Bystanders and animals must not be present during application.

In order for our technician to carry out a successful treatment we require you to carry out the following instructions.

- 1.Kitchen** Remove **All items and food/food related products** from kitchen and food storage cupboards, drawers, counters, stove and fridge tops. Place these removed items in the centre of a room and cover with plastic.
- 2.Bathroom** Remove **all items** from bathroom shelves, vanities, drawers and counters. Place these items in the bathtub and cover with plastic. Remove plumbing inspection plate to allow access under tub.
- 3.Bedrooms and Living Rooms** Remove all items from floor and shelf areas of all clothes closets, Linen closets, storage areas, and cupboards. Place these items on the bed or on the floor in the centre of the room and cover with plastic. Move all furniture 18-24 inches away from walls to allow baseboard access.
- 4.Childrens Toys** Should be picked up and put into plastic bags or a covered toy box.
- 5.Storage areas** Clean off all shelves and floor space to provide access baseboard and storage areas.
- 6.Pets** All pets should be removed from the premises with the exception of fish. All fish tanks should have the pumps shut off and be covered with plastic.
- 7.Plants** Will not be harmed and do not need to be removed.
- 8.Re-Entry Do not re enter the treated area** until at least 4 hours has passed from the time the product was applied. The time application was finished will be posted on your door. Ventilate treated areas, either by opening windows and doors or through the use of air exchange/ventilation systems confirmed to be operational. Use fans where required to aid in the circulation of air. Wash and all counter tops, cutting boards, utensils, fridge and stove tops with

soap and water before using. Cupboard shelves and drawers should not be washed for 10-14 days. Place paper or foil on shelves before returning items until shelves have been washed.

9. **Food** and food handling equipment must be covered or removed from the area to be treated or equipment may be thoroughly washed after the treatment.

Ernst Exterminators is not responsible for lost or broken items or damages done to any furniture by the treatment.

The following adverse effects have been reported following re-entry into treated areas.

-Respiratory effects such as cough, sore throat or shortness of breath.

-nausea

-dizziness

-eye irritation

If you experience any effects, leave the area and ventilate the area further. For more information in these cases call **1-800-331-3148**. If you experience effects that do not resolve rapidly or become worrisome, contact your health care professional.
